1. The following military vehicles were observed in the town:

25X1

truck truck passenger car three ton, attached to the labor unit three ton, attached to the labor unit Tatra-Madirraka, one officer, one EM,

one civilian

passenger car Tatra-Hadimrska, one officer, two EM

passenger car Tatra-Hadimrska

3. Kolin (051/ M 38)

a. Little military activity could be observed on 12 and 13 September 1952 in the town. Medical examinations of draftees took place both days. The draftees marched through the town and were accompanied by a band. The draftees were of various age groups up to 40 years. Enclosure 1 shows the location of military installations in Kolin.

b. The following military vehicles were observed in the town:

25X1

truck

three axles, equipped with benches for

carrying troops

truck

three axles, carrying rations, driver with black epaulets and blue piping

three ton

truck ambulance

passenger car

Tatraplan

4. Pardunice (051/M 79)

- observed marching in close formation to the Zeleznicarske kasarny (Railroad Corps Barracks). Each group was divided into three columns of 20 men, and was led by lieutements or 2nd lieutements with silver braid epaulets and black piping and stripes. A staff captain and a 1st lieutement with the same epaulets followed the formation. The soldiers were equipped with submachine guns, helmets, and gas masks.
- b. In the evening several NCOs and about 20 corrany-grade officers could be observed either waking through streets or sitting in restaurants. Most of the NCOs had black epaulets with blue piping; most of the officers had silver braid epaulets with black piping; the rest of the officers had gold braid epaulets with red piping. Enclosure 2 shows the location of military installations in Pardubice.
